"A FRIENDLY ZONE TO BUILD YOUR HOME"

VOL. XXV—No. 46 Cypress, California, Friday, August 29, 1952 5 CENTS PER COPY

SAID IN CYPRESS

By Newsy

Little old dog Coffee, probably one of the best advertised dogs in southern California, what with all her newspaper and radio publicity, has now gone to a good home. A want ad did the trick, and Coffee is in just the kind of surroundings she had her heart set on. The lady who answered the ad, has been a long-time user of the classified section, bless her heart. She has run an ad for the care of children for many weeks, so Coffee got the country home, with plenty of kids around, which is the way she likes it.

Some of you may wonder why you never read in these columns about some of the antics of teen-age youngsters, whose misdemeanors are never chronicled here. We have sort of a policy about that. We feel a boy (or girl) may do many good things, and never be noticed or mentioned. That's why we don't believe in giving publicity to them when they slip up on something. We sort of have that feeling about oldsters, too, and hate to play up a misfortune when it occurs. We need to suppress the bad a little more and play up the good.

One of our pet peeves is to hear someone say that they didn't bother to mention a news item "because everyone in town knew it anyway." We take a dim view of anyone who thinks Cypress is confined to such a narrow acquaintance that one person is known by everyone in this thriving, growing community. Five years ago that kind of a statement might conceivably be possible, but not anymore.

And for all you nice people who nquire about Mother and Dad K., cards and letters continue to indicate they are having a wonderful time. At the last writing, the weather was still favorable, and that's saying a lot for Iowa in August. However, not a word has been said yet about coming home, and they will have been gone three weeks come Monday!

Give Tea For Mothers Of Beginners

Closing date for deciding whether children east of Walker or west of Walker street will attend kindergarten in the morning will be September 1. The side having the larger number of children registered on that date will attend in the mornings.

Parents may register their children any week day at the school. Miss Elizabeth Dickerson, Superintendent, asks that they bring along the child's birth certificate or a proof of birth. A child must be four years and nine months old on or before September 1 to enter kindergarten. He must be five years and nine months old on or before September 1 to enter first grade.

All kindergarten parents are invited to attend a tea on Friday, September 5, at two p.m. in the utility room of the school, given for them by the teachers. The school nurse will be present and a general discussion of the preschool child will be held.

Method of alphabetizing the names of the children for room placement will be a little different this year, Miss Dickerson said. Registration will be held for all children Monday, September 8, between 9:30 a.m. and 12 noon in the utility room at school. School opens in Cypress September 10.

PLAN POTLUCK SUPPER

Cypress Coordinating council members plan to meet September 4 at 7:30 o'clock, for a shared pot luck meal.

The affair will be held in the patio of the A. E. Arnold home at 5541 Bishop st. Eleven members compose the council.

NICE FISH FOR KETTLE! Remember the floods last January? It's hard to believe it now, but Pete Bouma actually caught this string of eight catfish in a pool left in his grazing meadow 'way back then. It wasn't understood at the time where the fish might have come from, except from overflowing Coyote creek. And it's hard to realize in this summer dry spell that the surrounding land was covered by water not too long ago. The Boumas live at 4752 La Palma avenue. —(Cut courtesy Press-Telegram)

MRS. RUTH PUGH TO SAN FRANCISCO

Tried for the first time as an experiment, a postal seminar held in San Francisco last week proved to be a big success. Mrs. Ruth Pugh, Cypress postmaster, found the meeting to be very instructive and interesting. She was the only one from the smaller post offices in this area who found it possible to attend. In fact, she found herself in a minority from that particular state-wide group.

There were 1172 postmasters and their families from California who enjoyed the tours and inspections of metropolitan postal facilities. A group made the trip by train, and were a party of seventeen who had accommodations at the Lafayette hotel.

Report E. Clark Doing Well After Accident

Edwin Clark, who suffered an industrial accident, is reported as progressing as well as can be expected, with doctor's assurance that his hand will be saved.

The son of the family, "Chuck" Clark, was given an emergency leave by the navy, and was allowed to come home for a few days. "Chuck" will be remembered as a popular student and part-time helper in Henry's drugs before he entered the service.

Plans for a birthday party for the youngest member of the family, a daughter, had to be called off because of the seriousness of the accident. The family lives at 5572 Karen street.

REBEKAHS POSTPONE COURTESY NIGHT

Members of the Rebekah Busy Bee Lodge were forced to change their schedule, due to a conflict in arrangements with the school.

Their courtesy night planned for September 2 has been set up to Tuesday evening, October 21.

Kiwanians See Hawaiian Pics

Jake Mumm, Buena Park rancher, visited the Cypress Kiwanis club Monday night and showed a series of colored slides he and his wife took on a recent trip to Hawaii.

He showed scenes of the boat trip across, aerial shot of the mountains and beaches, and also several interesting tourist sights.

Haskell Kelley presented the program and the Rev. Wm D. Howard led the singing, with Miss Alene Rogers accompanying the group on the piano.

Elderly Woman Passes Away

Mrs. Anne M. Strauss, 83, died Monday evening in her home at 5621½ Sprague st. A former resident of Fullerton, and a native of Iowa, she is survived by five sons, Rolla M. Kellogg of Yucaipa, Arthur L. Strauss of Yorba Linda, Milfred F. Strauss of Compton, William E. Strauss of Chicago, Illinois, Clayton D. Strauss of Fresno and five daughters.

They are Mrs. Elizabeth C. Bunyard of Long Beach, Mrs. Margaret Z. Churchill of Long Beach, Mrs. Nellie A. Maston, 5621 Sprague st., Mrs. Mary Dresbach of Oregon and Mrs. Kathryn F. Ardiz of Yorba Linda. There are 17 grandchildren and 12 great grandchildren.

Funeral services were held in Fullerton Thursday afternoon at McAulay & Suter's mortuary. The Rev. Herbert F. Fink, pastor of the Fullerton Methodist church officiated, with interment at Loma Vista Memorial Park cemetery.

IMPROVEMENTS AT CYPRESS GARAGE

In a recent sweep of improvements on their property which is the site of their garage building, the Davis brothers of the Cypress garage added to the effectiveness of their business by resurfacing the front area.

A cement strip was added at the gasoline pumps, and the rest of the drive was black-topped.

Cole, Noe Fly East For Funerals

Two Cypress men found themselves plane-bound a week ago Monday evening at the same time, both flying to attend funerals, one of a sister, the other of a brother.

Foster Noe was called to Arkansas by the death of his sister. He came home by way of Phoenix, Arizona, where he stayed to visit with his mother, who has not been well. She was not told of the death of her oldest daughter.

Aaron Cole, 8651 La Salle st., received word that a brother in Morgantown, Kentucky, had died. He returned to his home Monday night.

Pot Luck Next Auxiliary Social Affair

Indulging in a bit of social life as a "breather" between important money activities, members of C. R. Rogers Memorial VFW auxiliary will be hostesses to friends and families at a pot luck dinner Saturday evening in the VFW hall.

Special guests will be Bert Bingham and members of the musical aggregation, "Cousin Joe's Country Tune Toppers," all of whom contributed immeasurably to the auxiliary's recent block party.

At a business meeting held earlier, the president, Mrs. E. E. Goodman, announced appointment of four new chairmen of standing committees. They were Mrs. A. R. Muesse, national home fund; Mrs. Malvern Blake, cancer research; Mrs. Beatrice Hahn, essay and Mrs. Ray Lucas, ways and means.

Mrs. Muesse will be chairman of a hamper committee to work with committeemen on the project from the VFW post.

It was announced that the first meeting in September would not be held, since the date is Labor Day.

GET SET TO VOTE–SIGN UP!

As the deadline to register to vote in the presidential election nears, residents here will be given two opportunities on Saturday to get signed up.

The regular registrar for this area is Mrs. Frank Williams, who is glad to help anyone at her home, 9060 Walker st. Her telephone number, for further information, is Anaheim 60458.

For a few hours on Saturday, Mrs. Olive Williams will again set up a table in downtown Cypress and make available the necessary books to register voters. If you voted in the last general election in 1950, which was for governor, you are still eligible, she said, even though you did not vote in the primaries. That is, unless you moved, even across the street or to the house next door.

Registration closes September 11.

Driver Escapes; Runaway Car

California highway patrol officers last Saturday night impounded an automobile that figured in a spectacular traffic accident. They also would have impounded the driver, could they have found him.

Described by witnesses as 35 to 40 years of age, the driver fled the scene on Lincoln ave., west of Moody st., Cypress ,after his car ran off the road. The car struck a power pole, leaped a ditch, knocked down a large billboard, plowed through a flower bed, ran along a drive way and smashed through the rear of a garage belonging to T. J. Geurra of 4801 Lincoln ave. It destroyed furniture stored in the garage.

Geurra estimated his loss at $250.

Andersons Add Fourth Son

Charles Philip Anderson made his appearance on August 22 when he joined the Sig Anderson family in their home at Whittier. He was welcomed by three brothers, Tony, who will be six years old September 7, Joel David, 4, who shares his neweset brother's birthday, and young Jimmy, 18 months.

When their mother went to the hospital, the boys informed her that no little sister would be acceptable, since they needed another male in their family to strengthen their little band of cowboys.

Maternal grandmother is Mrs. Emily Fernandez, who was well known here when she resided at 5701 Lincoln ave. The two families live side by each in Whittier.

HAVE GUEST AT IOOF MEET

Dropping by to visit at the regular meeting of the Cypress IOOF lodge Tuesday night, Harry Mansperger paid an informal call. He is district deputy grand master.

G. M. "Neb" Milbourn, noble grand, presided. The group tabled plans for a booth at White Gold day until the next meeting.

AND YET MEN SCRAMBLE FOR THE JOB

Before this year's great marathon for the Presidency was launched in Chicago, the following whimsical but arresting paragraphs were printed in the Congressional Record:

"WANTED.—Man over 35 to work for 155,000,000 bosses; 105-hour minimum work week; 7-day week year around; 4-year contract. Must be willing to sacrifice all the freedoms of private life. Must supervise one or two million employes. Must be willing to make decisions that affect the course of history and untold millions of people.

"Must be willing to accept loneliness as a constant companion. Must be strong physically. Must be a gifted leader. Must like intense social life as job calls for constant receiving. Applicants are warned that job is often, literally, a man killer. Address. The People, United States of America."

Since Ike and Adlai are men of exceptional intelligence, each must be soberly aware of what he is in for if victorious in November. And so the American people may rest assured that the man they "hire" to take over the Nation's helm next January—whatever the measure of his other qualifications—will be as courageous as they come!

—Calif. Comment.

WELCOME TO NEW GENERATIONS

Population growth is like the weather—there doesn't seem to be much that anybody can do about it.

The world's human population is soaring. There were fewer than one and three-quarter billion people on earth in 1912. Today there are nearly two and a half billion, and by the end of this century there will probably be over four billion. The world is currently adding to its population at the rate of 60,000 to 70,000 new human beings each day, and the rate is increasing. No expert is needed to tell us that, so far as the foreseeable future is concerned, feeding, clothing, and keeping so many people reasonably happy is going to be a problem. Our own country has shown how it can best be met.

A century or more ago a large percentage of people labored in agriculture. If theoretical planners had stepped in in those days and forced the productive processes into a fixed "orderly" pattern we would probably have been struggling with famine by now. Fortunately we were free to invent, devise and scheme new ways. We were free to leave our farms and get jobs in the cities where some of us figured out unheard of machines to do the work of ten men on the farm. Tractors, trucks, reapers, combines, gangplows, cultivators—implements began to roll off the assembly lines by the tens of thousands. American agriculture took on a new look. For the first time in history farmers could raise their heads above sheer drudgery.

Farming has become a scientific, competitive business. Because of the machines, constantly better farming practices and rising production are inevitable. Upland flood control, contour or strip farming, and soil conservation are routine practices to the modern farmer.

This American agricultural revolution is our welcome to the new people who will be crowding onto this old globe in the years to come. Other nations that fear the way of free markets, open competition and a maximum of individual liberty, will do well to heed our example.

—Industrial News Review

COUNTY COMMENT

By GEORGE E. HART

Reports following the Tehachapi quake told of numerous water wells cut off and put out of busines by underground convulsions on the north side of the range, toward Bakersfield.

It is now becoming known that similar effects of the terrain's contortions were observed here in Orange county, though to less extent. At least one well in the Garden Grove area quit following the big shake. Another well at Tustin gave up the ghost.

* * *

Leaders in water affairs are looking forward expectantly to completion of the propsed MWD feeder line bringing raw water from Lake Mathews down Santa Ana canyon, and a delivery valve in the Santa Ana river below the headgates of the two major water companies.

That, they say, will make the perfect set-up for spreading water and sinking it into the underground basin.

The reason is that the Yorba area seems to be especialy porrous, and water spread there is reflected quickly in the water levels of wells roundabout, particularly along a southwesterly line extending through and beyond Anaheim. This is an old water course, once the route of the Santa Ana river.

Water running in the river channel under Yorba bridge affects the water levels of wells along that old water course within a day or so, it is said. More gradually, of course, it works around to other areas of the underground reservoir. But it takes a long while to get down to the salt water line around Talbert.

That is why the replenishment of the basin is a long-range job, requiring every sort of conservation and salvage, with respect to the native water supply, besides importing Colorado river water on the largest scale compatible with the county's finances and the absorbtive capacity of the spreading area, not to mention its direct use by the cities and, later, ranchers tapping the new MWD feeder lines.

So far as the spreading is concerned, the delivery valve on the MWD line below the water company headgates will permit a short run to the Yorba spreading grounds, with only negligible evaporation. Leaders estimate that water can be released there for spreading at a rate of 100 second feet, or, in fact, almost any rate desired.

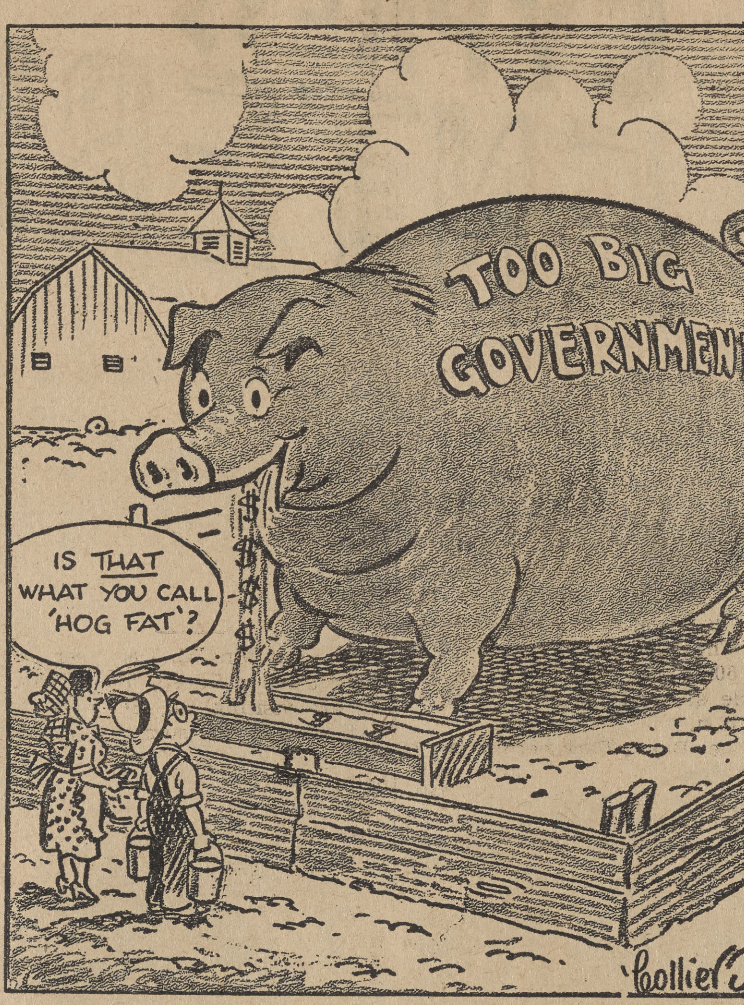
Under the present arrangement for delivery of Colorado river water, it must flow 20 miles from the MWD aqueduct at Arlington, with consequent heavy loss by evaporation, estimated at 25 per cent by the time it reaches the Orange county line. That is one reason why it is taken into the water company canals, instead of flowing the rest of the way down to the spreading grounds at Yorba. The water companies use it inderground and then pay the Orange County Water district, which imports the water, their savings in pumping costs.

Another disadvantage of the present arrangement is the limited capacity of the river channel in the Prado area to carry the water. It can hold 90 second feet, but that much flow carries so much silt with it that it plugs the pipelines of the ranchers who get it through the water companies. So the flow was cut down to 60 second feet, then, experimentally, raised to 70 second feet.

All those limitations and losses would be eliminated by a delivery valve below the water company headgates, just above the Yorba spreading ground expected some time in 1954.

Mr. and Mrs. Walter Allen and daughter Mary Jo of 5671 Vonnie Lane left last weekend for a vacation up north.

SURE IS, LADY!



Mr. and Mrs. Jack de Polter, 5641 Lincoln ave., and three little daughters are enjoying a vacation motor trip to Oregon.

'BELL, BOOK AND CANDLE' AT BILTMORE SEPT. 15-27

After one of the most successful tours ever undertaken by a stage comedy, "Bell, Book and Candle," the John van Druten saga of modern day witchcraft, will be seen at the Biltmore Theatre, Los Angeles for two weeks engagement beginning Monday, Sept. 15.

Starred in the beguiling comedy are Joan Bennett, glamourous Hollywood star, while her vis a vis is the dashing Zachary Scott. They come here after six gay months in Chicago, where everyone, critics and theatergoers alike, agree that a more enchanting pair was never presented before the footlights.

Miss Bennett's return to the theatre has been acclaimed by the drama reviewers and cheered by playgoers. With her rich theatrical background she gives to the van Druten play a rare charm. During her long sojourn in Hollywood she made over sixty pictures, and was finally established as one of the first stars of filmland. Among her many pictures are "The Guy Who Came Back", "Reckless Moment," "The Woman in the Window" and others too numerous to mention here.

Zachary Scott's first New York appearance was in a van Druten play, "The Damask Cheek". The play was not a success but the critics liked young Mr. Scott and a bid to Hollywood followed. His pictures include "The Mask of Dimitrios", "The Southerner," "Hollywood Canteen," "Danger Signal," Whiplash" and "Cass Timberlane." The fine supporting cast includes Dorothy Sands featured, and Joseph Leon and William Windom.

During the two weeks run of "Bell, Book and Candle" at the Biltmore, matinees will be presented on Wednesdays and Saturdays. No Sunday performances will be given.

Building Shows Increase For Week

Buena Park building permits totaled $135,729 in valuation for the past week, heaviest period of building activity in several weeks. The total placed Buena Park third among the unincorporated communities of the county, where the total permit valuation soared to $1,198,944 for the week.

Buena Park permits included a tract of 16 residences representing a total valuation of $108,192, the permits being issued to Lee Sievers. The subdivision is located in the 6000 and 7000 blocks of Val Verde st., and the 7000 block of Ninth st.

Other Buena Park permits were: C. L. Blancher, residence, 5951 Homewood st., $11,150; Billy Dillon, residence, 6051 Indiana st., $10,942; Jake Westra, hay barn, 7785 Miller road, $4500; miscellaneous $945.

Stanton area had one building permit during the week, a $10,000 residence for Price W. Siebert at 7875 Stanton ave. Cypress had $750 in small miscellaneous permits.

Local Topics

Mr. and Mrs. George Payne, 5532 Saint Ann ave., have as house guests their son-in-law and daughter, Mr. and Mrs. Robert Rayle, of Inidanapolis, Indiana. On Tuesday, the two women, as well as their friend, Mrs. C. M. Hamilton of 8672 Walker st., attended the television showing of the Johnny Dugan-Barbara Logan hour.

George "Gene" Wilkerson, advertising manager for the Buena Park news and Cypress Enterprise, has now returned to full-time duties following surgery at White Memorial hospital, his many friends here will be pleased to learn.

Mr. and Mrs. C. De Kleer and their three children, 5413 Bishop st., are visiting Big Bear for the last time this summer, as the church which De Kleer has been helping to construct will be dedicated September 1. Mrs. De Kleer's father, Simon Visser, a visitor from Holland, accompanied the family.

Mr. ad Mrs. Milam Williams were in Yucaipa Sunday, where they were dinner guests of Mr. and Mrs. Earl Morehouse who honored Mrs. Williams' brother-in-law, J. N. Rodgers, on the occasion of his birthday. Mr. and Mrs. Rodgers, who are from Manhattan, Nevada, have property in Yucaipa which they have to oversee at intervals.

Mr. and Mrs. Dick Blankenberg and two sons and two daughters called at the Burt Kroesen home, 5376 Lincoln ave., Sunday evening. Mrs. Blankenberg recalled the beginning of her newspaper career when she was employed by Kroesen in the office of the Fonda (Iowa) Times at the tender age of 12. The family is now settled in Chino, where they have acquired the newspaper. They also visited the "Pete" Bickel family in Lakewood, who until recently lived on a ranch on Lincoln ave.

Darrel Nielsen, Kenny Stephens and Benny Stephens drove to Kentucky and West Virginia for a vacation trip, returning in ten days' time. They were accompanied on the return trip by the Stephens' boys parents, Mr. and Mrs. Ira Stephens, who are making their home here. Another son is John Stephens, 9096 Walker street.

Mr. and Mrs. Don DeWitt and little son and daughter, were thrilled with a week's vacation spent near Lake Gregory at Crestline. The days and nights were just the right temperature to suit, and the children had a wonderful time swimming and horseback riding.

Mrs. Beatrice Hahn left on the train this week for Emmett, Idaho, where she will be a guest in the home of her daughter and family, Mrs. Alice Hocking. Mrs. Hahn expects to drive back with her son, David, who has spent several weeks in his sister's home.

Don Von Trotha, 5632 Bishop st., is ill at home. He is suffering from a recurring pain in his back.

Lynx Regional Champs; Motor To Toronto For World Tourney

The Buena Park Lynx, South Pacific Coast Regional champions, left on an eastern tour Saturday night which will bring them to Toronto this week-end to participate in the annual women's softball tournament.

The Lynx were to play Kansas City on Tuesday night and Cleveland on Thursday, ending up in Toronto Friday evening for a 2-day rest before the tournament. No report had been received from Kansas City Wednesday and it is probable that the Tuesday game was rained out, inclement weather being reported there.

Orange county is represented by two teams at the national ASA tourney, the Orange Lionettes being on deck to defend their world champ title won last year.

No-Hitter Wins Regional

The Lynx swept to their second successive regional title in convincing fashion as Joan Alsup twirled her first no-hitter of the season against El Cajon Hellcats in the finals at Buena Park Friday. Buena Park won the tournament with three victories and no losses.

Alsup faced only 23 batters, 2 over the minimum, in twirling her masterpiece. Three runners reached first via four balls, but one was retired attempting to steal second. It was Alsup's 12 victory and the first no-hitter for a Lynx twirler this year.

After leaving five runners stranded in the first three innings, the Lynx landed on Jean Klein for five runs in the fourth on three hits, four errors and a walk. Only one of the runs was earned.

Annabelle Lockabey delivered the coupe de grace of the inning when she stepped to the plate with the bases jammed and smacked a triple to right field to clean up and came in to score herself on a wild throw from the outfield. She collected three hits in all and knocked in four runs.

Tommie Slappey led off the big inning with a three-bagger to left and tallied on Mary Whitney's squeeze bunt down the first-base line.

Mr. and Mrs. John Van Veen and daughter, of Bishop street, are enjoying a visit in Montana and Washington states with old friends they knew in their native Holland. Van Veen is a milker at the Jake Van Dyke dairy.

A guest of Mr. and Mrs. Fred Mackay is their friend, Mrs. Frank Rigby, of Salt Lake City, Utah.

Miss Elaine Miranda is now employed at Knott's Berry farm. She is sporting easy-to-look at transportation, a cute little cream-yellow Ford convertible. (Did we scoop Chit-Chat, Nolan?)

Mrs. Castella Rogers returned to her home at 5571 Vonnie Lane last Thursday. She spent part of her summer vacation visiting her parents in Las Cruces, New Mexico, and a sister and family in Santa Fe.

Dale Kroesen is acting in his capacity as director of public relations for Nutrilite, Inc., at Hemet this week. He has planned and executed a display booth at the Farmers' fair and festival going on there.

Mr. and Mrs. W. E. Jeffrey, 5592 Danny ave., are spending a vacation in Kansas City, Missouri, visiting Mrs. Jeffrey's father and other relatives.

Little Cynthia Canfield, daughter of Mr. and Mrs. Don Canfield at 8752 Walker st., was ill at the beginning of this week. She is progressing under the doctor's care.

McCracken To Die October 31

Judge Robert E. Gardner interrupted hearing of a civil case in Superior Court Wednesday to sign execution papers and set a date for the death of Henry Ford McCracken. The itinerant musician who was convicted of the brutal rape-slaying of Patty Hull of Buena Park will meet his fate in a San Quentin prison lethal gas chamber on October 31, between the hours of 10:00 a.m. and 4:00 p.m.

Judge Gardner set the execution on the earliest possible date under State law. It must take place not less than 60 days nor more than 90 days after the signing of the death warrant. Since executions are performed only on Friday, October 31 was the first date available. McCracken has been in death row ever since his death sentence was pronounced last October 26.

McCracken committed the crime for which he must pay the supreme penalty on May 19, 1951 in his motel cabin in Buena Park. Patty's body was found 5 days later on May 24 in Liveoak canyon in eastern Orange county.

In his first trial he was convicted of child stealing, acquitted of the kidnapping charge and the jury could not agree on the murder charge.

A retrial found McCracken guilty of murder as charged and an insanity plea was later rejected.

His defense insisted on a series of appeals and the latest, that to the State Supreme Court, was returned, rejected on August 25. His attorneys have hinted that they are preparing a further appeal to the United States Supreme court but to date such an appeal has not been filed.

300 ENJOY PICNIC KNIGHTS OF COLUMBUS

Highly successful was the first annual picnic of the Buena Park Council of the Knights of Columbus held on Sunday, August 10 in Recreation Park.

More than 300 persons gathered for the shared dinner at 1 p.m. for which the council furnished dessert of watermelon or ice cream. Directed games were enjoyed with the men engaging in baseball.

General chairman, Herb Procter of Los Alamitos, received congratulations for planning the pleasant event.

THEN AND NOW

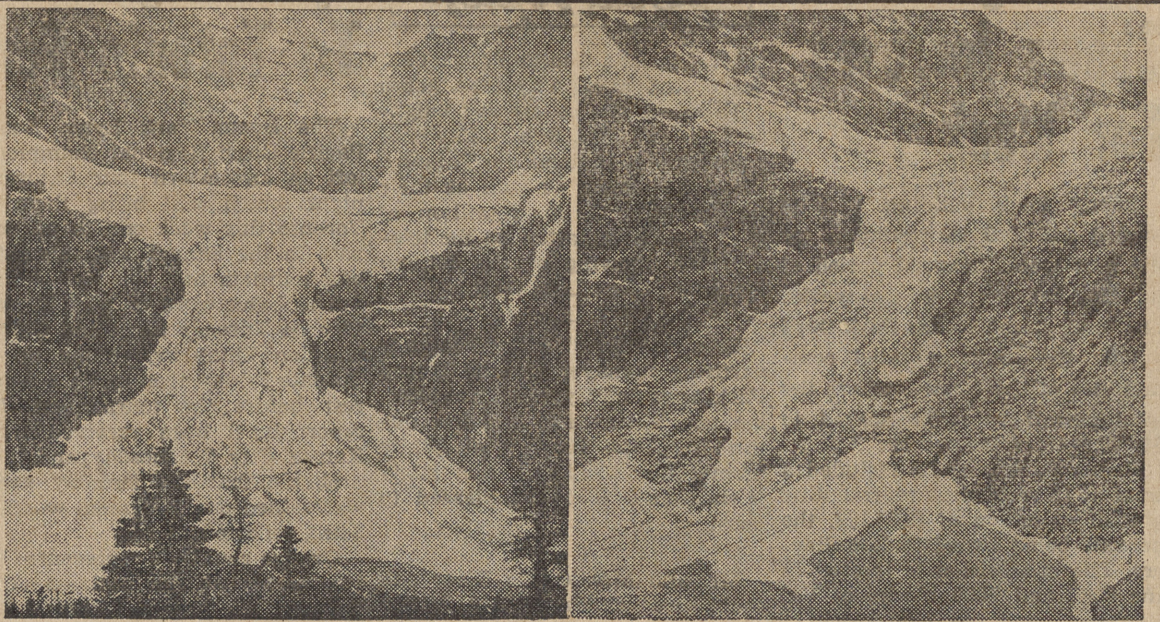

Photo: Canadian National Railways

HERE is proof that the glaciers of the continent are receding. These pictures of Mount Edith Cavell in Jasper National Park, Alberta, were made from about the same spot, but 40 years apart, the one on the left in 1910 and that on the right in 1951. The ice field is known as the Angel Glacier and it will be noted how, during the 40 year interval, the foot of the glacier has shrunk and the moraine increased. There is a very noticeable recession along the wings of the glacier also.

Twins Convene Next Sunday

Probably the most unique convention held in Southern California is the Twin Convention which takes place in Huntington Beach each August.

This summer the date is set for next Sunday, August 31, and it is expected that 300 sets of twins will be present. Competitions include the oldest, youngest, most alike, least alike, most talented, handsomest in various age groups, prizes for all sorts of costumes, etc. The list is long and interesting covering forty different divisions.

All twins are invited, as well as the general public. So if you are a twin, the parent of twins, or enjoy seeing twins, go to Huntington Beach next Sunday.

Twins will assemble and register at Pavalon Ballroom from 9 to 10 a.m. Judging will begin at 10 a.m. The twins will be guests of the Chamber of Commerce at lunch at noon.

After lunch, the twins will parade to the open air theater where prizes will be presented and all twins introduced. Dick Lane of TV fame will emcee the amateur show. Motion picture shots will be taken for newsreels but the convention will not be televised.

Any twins desiring to enter the contest are advised to either write or phone to the Huntington Beach Chamber of Commerce before Sunday. However, they may be registered after they get there. A crowd of 10,000 is anticipated.

ELECTION ANNOUNCED OF FARM REPRESENTATIVES

The annual election of community committeemen for the twelve communities of Orange County, and of delegates to the County Convention which elects the County Production and Marketing Association Committee—will be held today, August 28, 1952, from 8:00 a.m. until 5:00 p.m. The polling place is the Orange County PMA Office, 622 North Main st., Santa Ana. Owners and operators of farms within Orange County Department of Agriculture as they apply to the county as a whole. This farmer administration on the local level is the unique feature of the Production and Marketing Administration program, and assures are eligible to vote.

Registration and voting may be done at the above address prior to 5:00 p.m. August 28, 1952. Farmers desiring to vote by mail may receive their appropriate ballot upon application to the above office, if they have not already received one through the mail. Ballots have been mailed to all known eligible farm owners and operators in the county.

The Committeemen to be elected will administer the Agricultural Conservation Program locally — which includes rendering assistance to the farmers of their respective communities in developing conservation plans for their farms which will be carried out under the 1953 Program. The County PMA Committee administers this and other programs of the U. S. "grass-roots control" at all times.

The names and addresses of the community and county committeemen are made available to farmers each year in the Agricultural Conservation Handbook — commonly called the Farmer's Handbook — which is issued under the direction of the county PMA Committee. The 1953 Handbook will be due and available for distribution early in October, according to present plans of the committee, as farm conservation plans are to be initiated on October first.

Several from Cypress attended the picnic given in Westminster Sunday by the county council of the Veterans' of Foreign Wars. Among them were Mr. and Mrs. H. J. G. Kreissler, Mr. and Mrs. Tom Demiris, Mr. and Mrs. E. E. Goodman, Mr. and Mrs. Larry Kelch and family; Mr. and Mrs. "Bill" Rogers and family; Mr. and Mrs. Charles Daniel and family; Mr. and Mrs. Don Wedeking and family, Mr. and Mrs. William Hall and family, Lee Shear, Ray Lucas and Mrs. Castella Rogers.

The Glenn Hubbard frame home at 8121 Miller road underwent a complete transformation this week. It now nestles among the orange trees, resplendent in an attractive new barn-red face-lifting treatment, with white trim.

Mr. and Mrs. Harry Ross, 5531 Saint Ann ave., are enjoying a few days of a two weeks' vacation in lovely Ensenada, Mexico.

Marathon New Innovation For Park Bowlers

"Bud" Moore, manager of the Buena Park Bowl announced plans this week for a 20-game marathon bowl to be held on Sunday, September 7.

Thirty bowlers composing 3-man teams will start rolling the balls at 9:00 a.m. and the contest will continue until 20 games have been rolled. This is the first time this unique type of contest has been staged here. A trophy, a bowling ball, several prizes donated by merchants and $130 in cash will be awarded to winners. Handicapping will be done on the basis of one-third from 190, Moore stated.

Bowlers Needed

Both individual bowlers and teams are needed for several leagues starting in September. Lacking sufficient entries at the moment are the 825 Scratch league scheduled for Monday nights at 6:45, Men's Handicap at 9:15 Wednesday and Women's bowling Wednesday night at 6:45.

POWER POINTER
YOUR BUDGET

It's big in your life...small in your budget!

Mind if we take a moment to discuss our share in your household budget? Your electric service costs you less than 1½% of your total budget. That's less than $1.50 out of each $100.00 you spend. And taxes take 38c from each $1.50 you pay for electricity. Those are averages, of course—but you can see that your actual cost of *electricity* has been even lower than you thought!

"Edison electricity is your best buy—you can depend on it!"

Patrol Girds To Prevent Traffic Deaths

Sacramento—Every available California Highway Patrol officer will be on duty this weekend to help carry out the Patrol's Labor Day accident prevention program, Patrol headquarters here reported today.

With enforcement as a wedge, an all-out effort will be made to keep the traffic casualty list below the 24 deaths and more than 700 injuries chalked up on the state's highways over Labor Day last year.

Special attention will be given to roads leading in and out of Sacramento, expected to be jammed with State Fair visitors.

Regular Patrol squads in and around the capital area will be strengthened with the temporary assignment of cadet officers nearing completion of a training course at the Highway Patrol Academy.

Commissioner Clifford E. Peterson said Patrol officers made more than 5000 arrests for traffic violations during the Labor Day holiday in 1951.

"We'll do what we can again this year to halt the unsafe, illegal driving that causes accidents," he said.

Some Light Rays Can't Be Seen By Human Eyes

"Black light?" Sounds silly doesn't it?

But there IS a light whose wave lengths are so short they can not be seen by the human eye. Scientists call them ultra-violet rays.

"If you can not see them, what good are they?" you might ask.

The scientist will assure you they have plenty of uses, and he goes on to explain that many materials, when exposed to "black light", glow as if lighted from within. This phenomena is called fluorescence.

Since many materials fluoresce with different colors, the scientist often uses "black light" to identify various compounds.

Example of Calcite

For instance, a white mineral, calcite, which looks like limestone in natural light, resembles the bright red coals in a fireplace when exposed to "black light" in the dark.

Another mineral, sphalerite, is yellow to black in regular light, but glows a beautiful green in the rays of ultra-violet.

Many other minerals, petroleum compounds and organic /substances possess this unusual property.

"Black light" is not only useful to the scientist in the identifying of certain compounds, but can be used to reveal the amount of the compound which is present in a mixture or solution.

The Fluorometer is used in the Nutrilite Research Laboratories in Buena Park, California, to accomplish this analysis.

Measures Intensity

This instrument will shine "black light" of a measured intensity on the solution to be assayed. This "black light" induces fluorescence in the solution; the amount of such fluorescence depending upon the amount of material in the solution.

The instrument very accurately measures the amount of this fluorescence and the operator can then calculate the quantity of the compound being assayed in the solution.

REGISTER NOW FOR UPHOLSTERY CLASSES

Registration for the upholstery classes at Fullerton Evening Junior College will be open at 1:00 p.m. on Monday, August 25, according to Walter J. Pray, Principal.

Upholstery registration is opened in advance of the other courses in order to take care of the many people who are desirous of entering these classes. Only those who have not been previously enrolled in upholstery at the college will be eligible for immediate entry. When the classes are filled waiting lists will be established for the others.

It is planned to offer three sections of upholstery classes, one from 1:00 to 4:00 p.m. and one from 7:00 to 10:00 p.m. on Mondays and Wednesdays, and one from 7:00 to 10:00 p.m. on Tuesdays and Thursdays. Actual class work will not start until the week of September 15 due to the difficulty in obtaining an instructor.

Mrs. Frazier Receives Gifts At Shower

An anticipation shower complimenting Mrs. Wallace Frazier was given by her sister, Mrs. Edgar Davies of Anaheim and her sister-in-law, Mrs. Glenn Williams on August 20 in the latters home, 8152 Gilbert ave. Freeway Park.

As the guests arrived, each was given five tiny safety pins used in a game of observance throughout the evening. Mrs. Boyd Wells of Atwood won the prize. Mrs. Lamar Smith of Freeway Park won the prize in a guessing game and Mrs. John Fisher of Anaheim won in a game of skill.

Many lovely gifts were presented to Mrs. Frazier later in the evening.

The hostesses served a sheet cake decorated with a stork, with ice, coffee and bon bons. Irene and Marjorie Williams assisted their mother as junior hostesses.

Present not mentioned above were Mmes. Wayne Davies and Ted Fischbach of Anaheim, Edward Wells of Atwood, Miss Betty Swan of Fullerton, Mrs. Carl Starns of Freeway Park and Mrs. M. A. Williams of Buena Park, mother of the honoree.

NOTICE INVITING BIDS

NOTICE IS HEREBY GIVEN that the Board of Trustees of the Laurel Elementary School District of Orange County, California, will receive sealed bids up to 7:30 o'clock P.M. on the 15th day of Sept., 1952, at the office of said School District, located at Los Alamitos, California, at which time said bids will be publicly opened and read for the following: Item 1: Filling and Grading of the Lexington Elementary School site.

All of said work to be performed in accordance with plans and specifications which are now on file in the office of Harold C. Wildman, 3701 Atlantic Ave., Long Beach, California.

Pursuant to the provisions of Section 1770 of the Labor Code, the Board of Trustees of said Laurel Elementary School District has ascertained the general prevailing rate of wages in the locality in which this work is to be performed for each type of workman needed to execute this Contract. The prevailing hourly wage scale so ascertained is as follows:

OPERATING ENGINEERS	
Material Loader or Conveyor Operator	$2.05
Motor Patrol Operator, including any type of power blade	2.43
Roller Operator	2.25
Tractor Hi-Lift Shovel Operator	2.50
Tractor Scraper or Drag Type Shovel, Tandem	2.68
TRUCK DRIVERS	
Drivers of Dump Trucks of less than 4 Yds. water level	$1.83
Drivers of Dump Trucks - 4 yds but less than 8 yds water level	1.85
Drivers of Dump Trucks - 8 yds but less than 12 yds water level	1.90
Drivers of Dump Trucks - 12 yds but less than 16 yds water level	1.98

One and one-half times the prevailing rate of wages shall be paid any working time in excess of eight (8) hours in any one calendar day and for Saturdays, Sundays and legal holidays, unless otherwise noted. For less than eight (8) hours per day the rate shall be that fraction of the foregoing rates that the number of hours bears to eight (8).

Each bidder must submit with his bid a satisfactory check certified by a responsible bank or a bidder's bond made payable to the order of the Laurel Elementary School District in an amount not less than five per cent (5%) of the sum bid as a guarantee that the bidder will enter into the proposed Contract if the same is awarded him. In the event of failure to enter into such Contract, the proceeds of the check will be forfeited, or in case of a bond, the full sum thereof will be forfeited to said School District of Orange County.

Each bid must be on a blank form furnished by the Laurel Elementary School District.

The successful bidder shall be required to furnish, at time of signing agreement, one (1) surety bond which shall protect the laborers and materialmen and shall be for fifty percent (50%) of the amount of the Contract, in accordance with Section 4204 of the Government Code, and one (1) surety bond in the amount of fifty percent (50%) of the Contract, guaranteeing the faithful performance of the Contract; said bonds to be first approved by the office of the County Counsel of Orange County.

The Board of Trustees of the Laurel Elementary School District reserves the right to reject any or all bids, and not necessarily accept the lowest price bid, and to waive any informality in any bid received.

LAUREL ELEMENTARY SCHOOL DISTRICT
OF ORANGE COUNTY, CALIFORNIA
By TOM HARRIS, Clerk of its Board of Trustees
Pub'l. August 28, Sept. 4, 1952

NOTICE INVITING BIDS

NOTICE IS HEREBY GIVEN that the Board of Trustees of the Laurel Elementary School District of Orange County, California, will receive sealed bids up to 7:30 o'clock P.M. on the 15th day of Sept., 1952, at the office of said School District, located at Los Alamitos, California, at which time said bids will be publicly opened and read for the following: Item 1: Gasoline, oil, and lubrication for the School Buses.

All of said work to be performed in accordance with plans and specifications which are now on file in the Laurel School Office, Los Alamitos, California.

Pursuant to the provisions of Section 1770 of the Labor Code, the Board of Trustees of said Laurel Elementary School District has ascertained the general prevailing rate of wages in the locality in which this work is to be performed for each type of workman needed to execute this Contract. The prevailing hourly wage scale so ascertained is as follows: None.

One and one-half times the prevailing rate of wages shall be paid any working time in excess of eight (8) hours in any one calendar day and for Saturdays, Sundays and legal holidays, unless otherwise noted. For less than eight (8) hours per day the rate shall be that fraction of the foregoing rates that the number of hours bears to eight (8).

Each bidder must submit with his bid a satisfactory check certified by a responsible bank or a bidder's bond made payable to the order of the Laurel Elementary School District in an amount not less than five per cent (5%) of the sum bid as a guarantee that the bidder will enter into the proposed Contract if the same is awarded him. In the event of failure to enter into such Contract, the proceeds of the check will be forfeited, or in case of a bond, the full sum thereof will be forfeited to said School District of Orange County.

Each bid must be on a blank form furnished by the Laurel Elementary School District.

The successful bidder shall be required to furnish, at time of signing agreement, one (1) surety bond which shall protect the laborers and materialmen and shall be for fifty percent (50%) of the amount of the Contract, in accordance with Section 4204 of the Government Code, and one (1) surety bond in the amount of fifty percent (50%) of the Contract, guaranteeing the faithful performance of the Contract; said bonds to be first approved by the office of the County Counsel of Orange County.

The Board of Trustees of the Laurel Elementary School District reserves the right to reject any or all bids, and not necessarily accept the lowest price bid, and to waive any informality in any bid received.

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF ORANGE

In the Matter of the Ascertainment and Establishment of the Standing of the CYPRESS ENTERPRISE as a Newspaper of General Circulation.

No. A-21730
NOTICE

NOTICE IS HEREBY GIVEN that the undersigned publisher of the CYPRESS ENTERPRISE has filed a petition in the above-entitled court alleging in substance that the CYPRESS ENTERPRISE is a newspaper established, printed and published at regular intervals for the dissemination of local and telegraphic news and intelligence of a general character; that said newspaper has been continuously established and in existence under that name for at least one year; that said newspaper has a bona fide subscription list of paying subscribers; that said newspaper has been both printed and published in the County of Orange, State of California, for at least one year preceding the filing of said petition.

NOTICE IS HEREBY FURTHER GIVEN that petitioner intends to apply to the above-entitled Court for an order declaring said CYPRESS ENTERPRISE a newspaper of general circulation within the County of Orange, State of California and that said application will be made to Court in Department No. 3 thereof at the courthouse in Santa Ana, California, on the 12 day of September, 1952, at 10 o'clock A. M., or as soon thereafter as counsel can be heard.

Harris Home Formally Opened To Friends In All-Day Courtesy

The spaciousness of their new three bedroom home at 5362 DeLong st. was equalled only by the warmth of their welcome when Mr. and Mrs. A. H. "Nick" Harris greeted friends at an open house Sunday from noon 'til midnight.

About 250 guests enjoyed the courtesy, roaming through the large rooms and finally reaching the delightful patio where a delicious barbecue was served continuously through the day and evening. The rumpus room bulit at one end of the double garage and leading onto the patio, was another popular spot.

Many lovely gifts have found useful places in the Harris household. Decorator colors blend throughout the house, with emphasis on the comfortable living room. A huge fireplace is the center of interest, with soft shades of greens finally blending into the landscaping outside the large picture window, creating a feeling of space which walls cannot erase.

The kitchen is a housewife's delight, combining old-fashioned farm-style roominess with ultra-modern efficiency. A gift from their staff of workers at the auction yard which they operate, a large electric oven, quickly found a useful niche in this room.

Miss Ruth Harris and Wayne Harris served their parents as junior hostess and host. Guests from away included Mrs. Harris's sister, Mrs. A. C. Stem and her husband from San Fernando, and his sister, Mrs. Helen Houser of Pomona. Two of his brothers and their wives were also present, Mr. and Mrs. Willis Harris and Mr. and Mrs. Jay Harris of Pomona.

Little Earline Jewell, daughter of Mr. and Mrs. Earl Jewell of Van Nuys, had charge of the guest book.

LOS ALAMITAN NAMED TO CLUB POSITION

W. S. Brown, 4702 Green ave., Los Alamitos, has been elected softball club commissioner of the Northrop Recreation club at the Anaheim Division of Northrop Aircraft, Inc., it has been announced by Hal Chanslor, Northrop-Anaheim superisor of personnel activities.

Brown will coordinate the activities of the softball club, membership in which is open to all Anaheim Division personnel. Each new Northrop-Anaheim employee automatically becomes a member of the Northrop Recreation club.

TWO HONOREES AT BABY SHOWER

Mrs. E. E. Goodman invited two mothers to share in a post-natal shower last week in her home. Guests brought two of everything for Mrs. "Bill" Rogers and Mrs. Charles Sanders. Cathleen Sue Sanders was born July 10, and Marie Elizabeth Rogers on July 27.

Nine guests shared in the courtesy.

ENTERTAIN FUN GROUP

Last Saturday night Mr. and Mrs. Tom Demiris entertained members of the Frog Cootie and Cootiette organization which is composed of members from Anaheim, Fullerton, Santa Ana and Cypress in their home at 8181 Gay street.

After an evening of fun and games, a generous pot luck meal was served. Attending from Cypress were Mrs. Castella Rogers and Mr. and Mrs. E. E. Goodman.

BRIDAL AND BIRTHDAY PARTIES COMBINED

A wedding shower was combined with the August meeting of the Birthday Club, when Mrs. Joseph Turner, until recently Loyd Gentry, was presented with a gift of beautiful chinaware.

The members of the club met in Recreation Park for a steak bake. After a bountiful supper, they adjourned to the J. O. Kimberlin home, 7262 Orangethorpe avenue where they played Bingo. As is their custom, they presented the hostess, Mrs. Kimberlin, whose birthday they were observing, with a sum of money with which to purchase a gift.

Korean Vets Benefits Told

An official statement of the "Veterans' Readjustment Assistance Act of 1952" has been received at Fullerton Junior College, Dr. H. Lynn Sheller, Director of the College, announced.

The new law provides five benefits, all designed to assist veterans of the Korean conflict in their return to civilian life. Included are education and training; guaranteed or insured loans for homes, farms and businesses; unemployment compensation; mustering-out pay; and job-finding help.

The education and training provisions allow a veteran one and one-half days of training for each day in service after the outbreak of the Korean fighting—regardless of where the service was performed—up to a maximum of 36 months.

However, veterans who have previously trained under earlier GI training laws—the World War II GI Bill of Public Law 16 or 894 for the disabled—may get up to 48 months, minus whatever time they have already spent in training under those earlier programs.

A veteran may train in school or college, on-the-job or on-the-farm, so long as the school or training establishment has been approved by the appropriate State Approving Agency and meets other qualification of the law. Fullerton Junior College, whose courses are fully accredited by the California State Department of Education and the University of California, has been approved for veterans' training under previous laws and expects to continue offering educational service to GI's under the new Act.

Veterans will receive an education and training allowance each month from the Government to meet part of the expenses of their training and living costs. Tuition, fees, books, supplies and equipment will not be paid by the Government; instead they will have to be paid out of the monthly allowance. "This provision of the new Act," stated Dr. Sheller, "make it a distinct advantage to the veteran to attend a public junior college where he can save the price of tuition."

Rates for veterans in full-time training in schools and colleges are $110 a month, if they have no dependents; $135 if they have one dependent; and $160 if they have more than one dependent. Those in training less than full time will receive lower monthly rates. Since the cost for books and fees at Fullerton Junior College is less than $10 per month, the veteran will have a substantial balance to apply toward general living expenses.

A veteran will get his monthly allowance some time after the end of each month of training completed. Before the Veterans Administration can pay him, the law requires a certification from both the veteran and his school or training establishment, that he was enrolled in and pursuing his course during that period.

This new method of payment differs from procedures followed under previous veterans' training laws. Under earlier laws, VA paid tuition and other cost directly to schools, and also paid eligible veterans a monthly subsistance allowance.

L. A. County Fair Great Harvest Festival

Although it has long since surpassed the popular conception of a County Fair, the annual exposition at Pomona Sept. 12 to 28 retains all the atmosphere and charm of the time honored institution. Here pretty Helen Pasquel typifies the spirit of the harvest as she sits among the prize pumpkins and tall corn.

SCHOOL CANNERY ANNOUNCES SCHEDULE

Fullerton's school-community cannery will be open for the canning of fruit on Wednesday, Aug. 27, at 8:30 a.m., Thursday, Aug. 28, at 5:30 p.m., and Wesdnesday, Sept. 3, at 5:30 p.m. Tomatoes are scheduled for Wednesday, Aug. 27, at 5:30 p.m., and Thursday, Sept. 4, at 8:30 a.m. The string beans will be canned Thursday, Aug. 28, at 8:30 a.m. and Wednesday, Sept. 3, at 5:30 p.m., according to Miss Esther Pierce, instructor. The cannery will be closed for the season after Sept. 4.

Individuals planning to participate in the canning sessions should schools office for an appointment. contact the Fullerton summer The telephone number is LAmbert 5-2331.
